

## New Software Release for Mazda® vehicles ADS225 - Code D745347AD

April 2016

Advanced Diagnostics are pleased to announce the release of Mazda® ADS225 key programming software for Mazda® vehicles worldwide.

### What does the software do?

ADS225 software programs proximity keys with push button start for selected Mazda® vehicles. This software allows keys to be added or programmed from a lost key situation. The software has been designed to bypass the pincode automatically in the background, making it a seamless process when programming keys.

The remote fob programming is performed automatically as part of the procedure when using ADS225. This procedure can be seen on Info Quest via the AD website or the IQ mobile app.
