New Software Release Renault® 2018
ADS268 - Code D751800AD

March 2018

Advanced Diagnostics is pleased to announce the release of a new software for Renault® vehicles worldwide. ADS268 software has been developed to bypass the pincode for a more streamlined key programming procedure.

What does the software do?

ADS268 will program card type keys for Renault® vehicles with a slot or proximity system. A maximum of 4 keys / remotes can be programmed. Any previously programmed keys not present will be deactivated during the procedure when programming new keys. Remote programming is performed at the same time as the transponder programming.

Please see application list and IQ for vehicle coverage.

Note: Please ensure Smart Dongle is updated before using this software.

VP Pro users - 1 token will be deducted.

What other software and products will I need?

MVP PRO / AD100 PRO **SMART DONGLE** **ADS104 SOFTWARE**

Contact your distributor to buy ADS268 software now.

OFFER DETAILS
