Key Programming Software Update for Renault*
ADS2180 - Code D751940AD

March 2021

Advanced Diagnostics is pleased to announce the release of an update to the ADS2180 software to include bladed keys for the popular Renault* Kangoo, and the Opel* Movano and Renault* Master vans. Advanced Diagnostics is FIRST to offer a key programming solution covering both 'Body Computer Models' (UCH) for these vehicles.

What does the software do?

The ADS2180 software programs keys for various Mercedes*, Nissan*, Opel-Vauxhall*, Renault* and Samsung* vehicles worldwide even in an all keys lost situation.

The software will bypass the security pincode during the procedure.

What else will I need?

Smart Pro
